# HOW I BECAME A

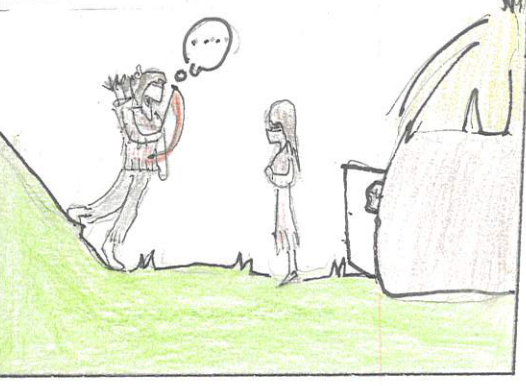

Hello! I'm Isaac, I'm ten years old and this is my family:

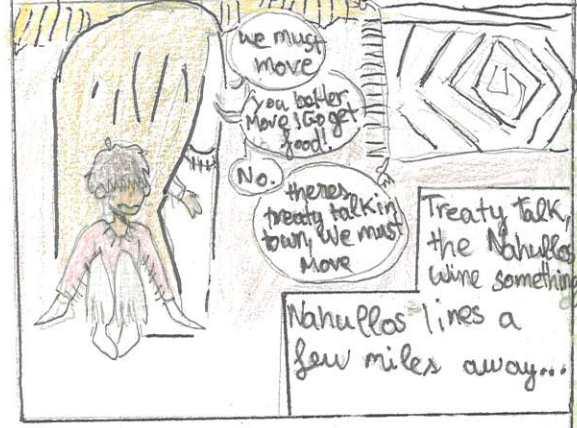

this is my village / in Mississippi I live near the forest. There is Treaty talk, it's a treaty of displacement

Today, Dad come back from hunting without a kill. I knew something was wrong.

I heard my parents talk today in the kitchen we have to leave because of Treaty talk.

But I saw something else ...

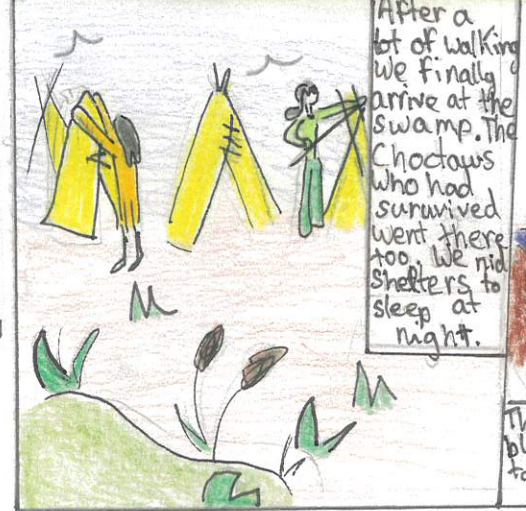

Today when I woke up, my house was on fire!

The Nahullos had come and our whole village was on fire. The Nahullo soldier's killed Mister Jonah and Missus Jonah.

So, my family and I flee our houses and go to the swamp. At that time we didn't know where to go.

After a lot of walking we finally arrive at the swamp. The Choctaws who had survived went there too. We had shelters to sleep at night.

The Nahullo's came to give us blankets. Dad didn't want us to take any. The other choctaw did.

Don't take the blankets, they are DEADLY!

What? Did my mom know?

But people took the blankets and died.

Hhh...

Isaac, you will soon become a ghost. Come! join us! Do not worry you will be safe with us.

NO.

Not now... I'm not ready...

Just before...

Now that the Nahuffos could come and people could give us the sickness from the blankets we left and walked.

Now we had safe blankets to keep us warm. M' Jonah said so.

After a lot of walking we met this family with a little girl called Nita. They were very nice.

HELLO

Nita's family

We continued to walk with them.

We stopped somewhere and sat all together. Just like a real family.

Will you be my brother?

Of course!

Noooo, Nita!

Nita then got so cold she died and became a ghost. The whole family was SO SAD.

Then I saw Nita's ghost

Isaac, I need you to help me. Now that I died my family is very sad. To make them happy again, please save my older sister Naomi. The Nahuffos took her.

Nita

(Go ask them you'll see!)

But, why didn't your parents talk to me about her?

I went to ask Nita's parents about it, they looked surprised.

Well, our daughter Naomi has been captured by the Nahuffos. They spotted her and took her on their horses.

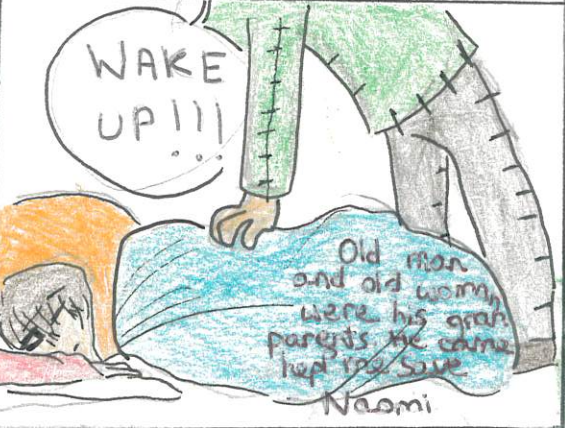

I will be a ghost soon you can't help me.

I have to be brave and tell my parents that I will soon become a ghost.

There I said

Then a boy called Joseph woke me up and told me his story.

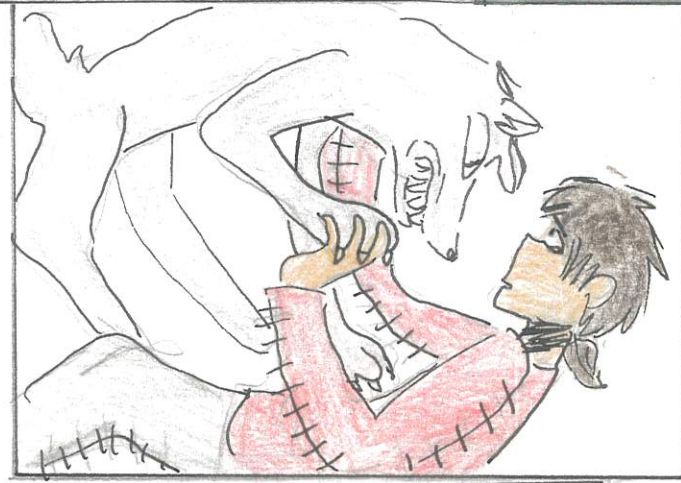

WAKE UP!!!

Old man and old woman were his gran parents he came here to save Naomi

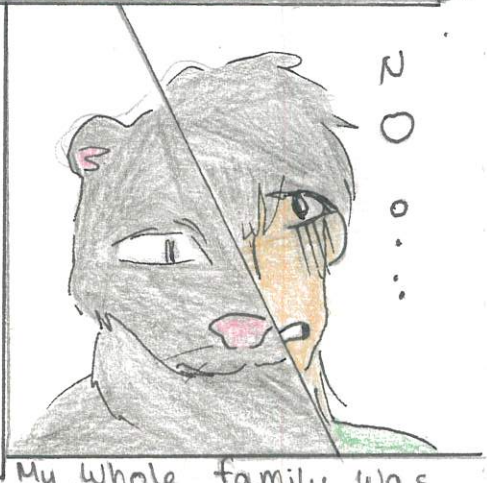

We walked to the nearest camp. We hid in the bushes and watched. We didn't want anybody to see us.

Joseph turned into a panther and he made the wolf go away

Joseph took my body and brang it back to my family.

My whole family was so sad.

He said it to us, before... his death!

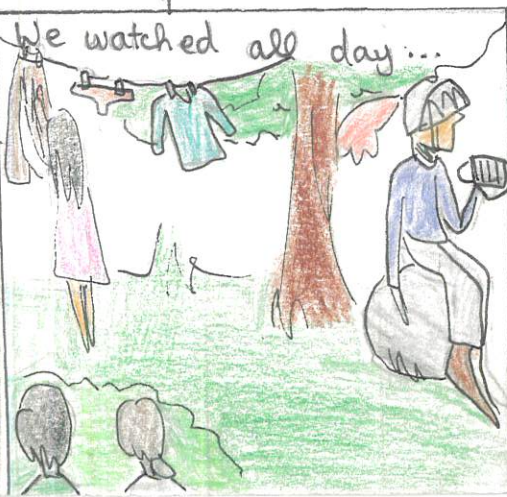

HELLO MY

Me and Joseph got back to the camp. But this time I WAS DEAD.

the camp was very garded by soldiers !!!

We saw Naomi working for the soldiers. She was stuck there.

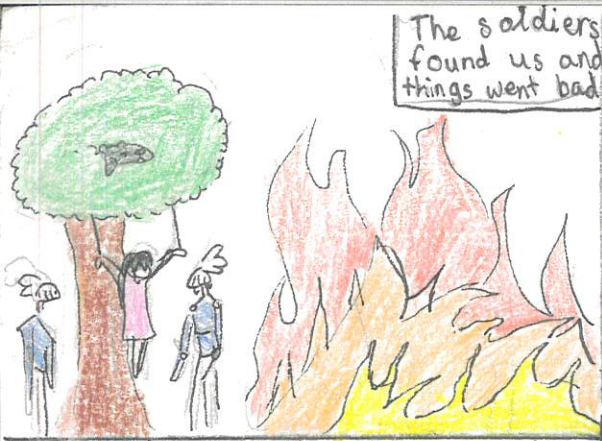

We watched all day...

waited for the perfect moment to go and save her

Then we got to the wagon and saw her. She was waiting for us.

The soldiers found us and things went bad.

We hid Naomi in the wagon so the Nahullo's wouldn't find her.

We ran and the soldiers followed us.

We ran until we found the wagon of the Bonepicker.

BONEPICKERS

The soldiers found Naomi

Then the wolf who had killed me was about to kill the leader.

so, Joseph turned into a panther and killed the wolf.

The soldier was VERY surprised.
